

2004 WFL CONTRACTOR CONFERENCE March 10, 2004

Collaborative Tools for Managing a Construction Project

Presented by:

Timothy Williams, Ph.D.

Words Have:

1. Assets
2. Liabilities

Fads such as total quality management and process reengineering are, at best, rediscoveries of value added but underutilized managerial practices.

Working the Shadow Side

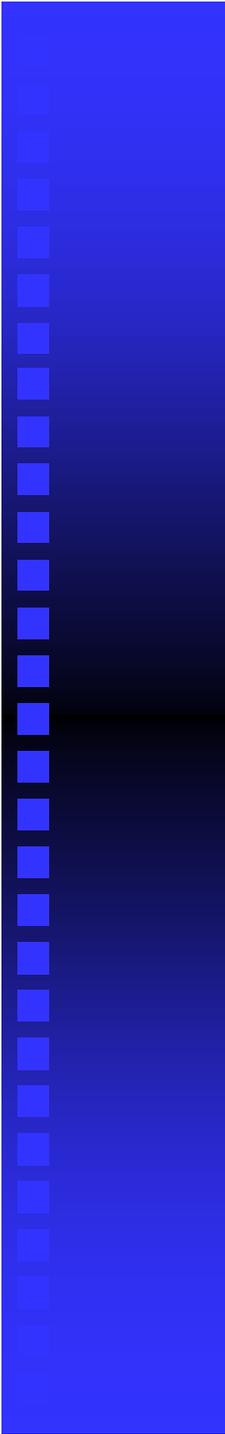

Gerard Egan

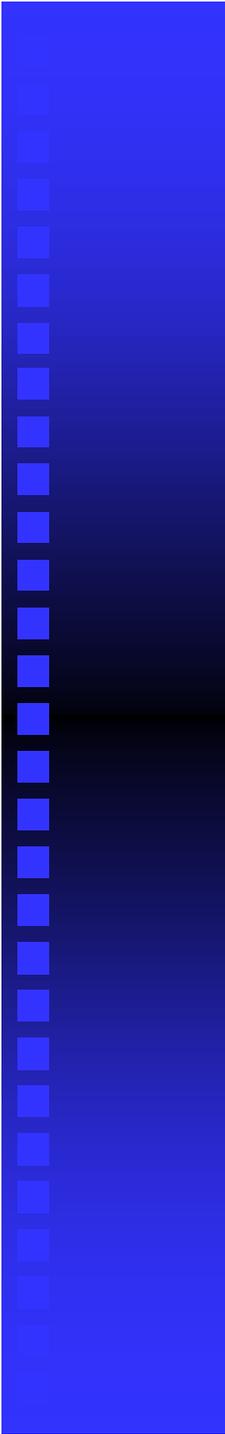

The Power of Full Engagement

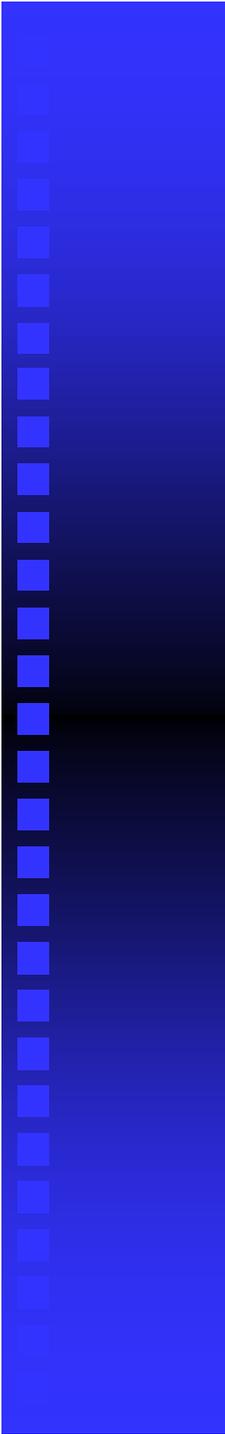

- Physical Energy
- Emotional Energy
- Mental Energy
- Spiritual Energy

Managing a Team

Aligning Two Teams

$$1 + 1 = 2$$

$$1 + 1 = 1.5$$

$$1 + 1 = 3$$

Aligning Two Teams

- Clash of cultures
- Staying out of the road
- Agreement on process and protocols

Energizing Two Teams

- Physical
- Emotional
- Mental
- Spiritual

NorthWest Resolutions

Building High-Performance Relationships

An important challenge is to discover one's best self and nurture it so that it dominates one's life.

ANOTHER WAY
