

# Akiak Roads Rehabilitation Project

**Public Meeting**  
**Wednesday, June 16, 2010**  
**1:00 to 3:00 p.m.**  
**Akiak Community Building**  
**Akiak, AK**

The Western Federal Lands Highway Division of the Federal Highway Administration, in providing services to the Denali Commission, invites you to a public meeting regarding the Akiak Roads Rehabilitation project.

We are in the process of completing environmental compliance activities and drafting permit applications for the design and construction of improvements to main streets in Akiak including Doops Street and Jaup Street, and, as funding allows, portions of New Clinic Road and School Road.

## Why should you attend this meeting?

The meeting will provide information on the project and solicit public comments for consideration during the design phase.

Staff from the project will be available to discuss, answer questions and take your comments regarding the project.

The project staff encourages your participation.

The project purpose is to:

- Reconstruct the roads to improve drainage
- Improve road structure and stability
- Place surfacing to reduce dust
- Reduce the need for maintenance and provide a road that is sustainable for the community
