

## Enaville-Thompson Pass Road

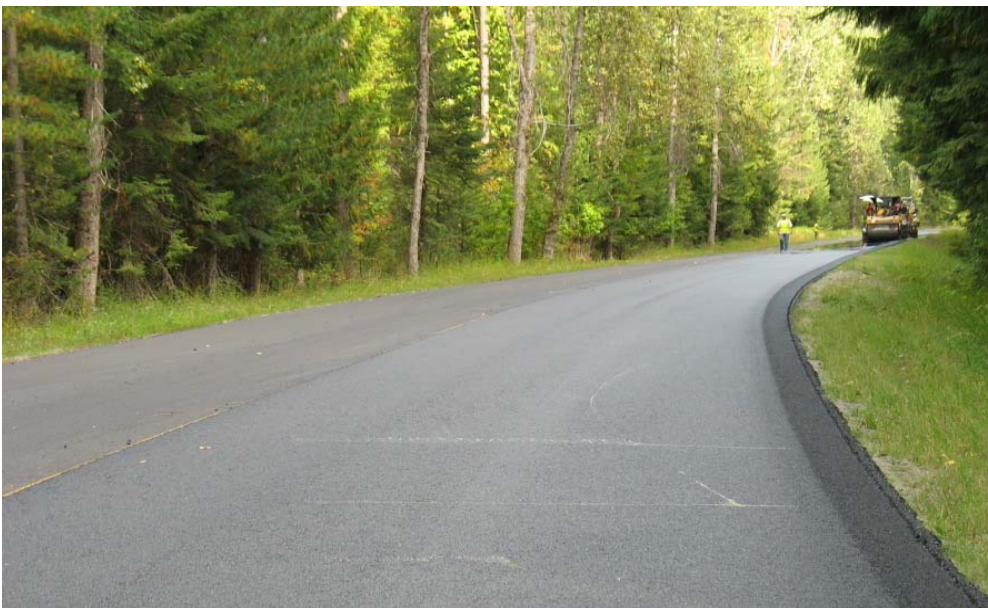

# Weekly Newsletter

**SYNOPSIS:** The Enaville-Thompson Pass Road project began on May 1 and involves re-surfacing 12.9 miles of Forest Highway 9 from the junction with Forest Development Road 209 (Bumble Bee Road) to the bridge crossing the Coeur d'Alene River. Project specifics include cold in-place recycling for existing asphalt, overlay of hot asphalt concrete pavement, and subexcavation in areas of poor or frost susceptible subgrade soils.

**ACTIVITIES FOR WEEK OF October 5-9:** Paving of turnouts and approaches will be completed. Aggregate surfacing will be applied to specified turnouts and around paved approaches. Ditches will be bladed and hydro seeding will be applied. Punch list items will be worked on and completed as well. Centerline and fog line stripping will be applied.

**Project Completion Date: October 9, 2009**

It's a race to the finish. The project corridor will be very active, so please be patient with traffic control, stay behind the pilot car, and maintain the posted speed limit within the work zones.

**25 MPH in  
all work  
zones**
