SUBJECT: FERNAN LAKE ROAD – SECTIONS 4(F) AND 6(F) COORDINATION

Dear “addressee from Table 2”:

David Evans and Associates, Inc. (DEA) is assisting Western Federal Lands Highway Division of Federal Highway Administration (FHWA) with environmental planning and environmental impact statement preparation for the Fernan Lake Road Safety Improvement Project in Kootenai County, Idaho.

Attached is a memorandum describing our preliminary assessment of reconstructing and improving the existing road relative to Section 4(f) of the U.S. Department of Transportation Act of 1966 and Section 6(f) of the Land and Water Conservation Fund Act of 1965 (and successors of these two laws).

Your concurrence is required on the properties identified in the memorandum, the conclusions relative to both laws, and the activities planned for compliance with Section 4(f).

If more information is needed, please FHWA’s project manager, Sajid Aftab, at 360-619-7895.

Sincerely,

Mike Boynton
Archaeologist
